

Plea for Help on race days

We need parents etc to act as officials on race days to ensure the races run smoothly and safely. We already have the usual people who assist at each race but need more.

8 extra to assist at the morning special slalom race to gate keep and act as start and finish marshals

6 extra to assist in the dual slalom to act as flag wavers, reinstate dislodged poles and collect the bibs

So this year we will be adding a request to the entry form for you to volunteer to assist at a race(s)

If we get enough support then any individual should only have to officiate for a morning or afternoon in the series

Please help us to help you
