Dear Ski Colleagues

Snowsport England Alpine Ski Committee is aware of the concerns that several athletes raised during the course of the 2007 Summer Season of racing. The Committee discussed those concerns at a recent meeting and concluded that there was a knowledge gap, both in racers and officials that should be addressed.

A guide to the essentials of ski racing is in preparation, which will highlight the basics for athletes and officials. The guide will be made widely available in the near future.

ASC encourages constructive debate of issues in ski racing and looks forward to working with athletes and officials in a renewed atmosphere of mutual respect.

Yours Faithfully

Gillian Hall
Chairman – Alpine Skiing Committee
